[Change]

Conflict

Barfbag was sitting on a rock while watching her team having fun on the lake. She chuckled a few times while observing her team mates activities. The sound of the water splashing to the lake was calming to her nerves.

She figured to take a walk.

She climbed off of the big rock. Her team waved her bye as she waved back as well. She my as well get ready before Four announces a new challenge. She didn't want to be late again.

Barfbag looked back again at her team.

She's glad Spongy is having fun with the others for once. Until-

Oof!-

Barfbag fell down on the grass. She rubbed her 'head' as she looked up. She immediately knew who it was as she stared in disbelief and mouth open.

"Oh no. You."

Lollipop raised an eyebrow as she folded her arms. "I didn't even say anything?" Barfbag grumbled as she rolled her eyes. She didn't even want Lollipop to ruin her peaceful day already. Lollipop reached out a hand.

"Are you just gonna sit there or?" Barfbag eyed Lollipop in confusion and looked back at Lollipop's hand. She was hesitant. But immediately got back up herself. "Whatt..are you planning.?" She raised an eyebrow.

Lollipop sighed in a sign of annoyance.

"Why are you acting like I'd never be nice before?" Barfbag's eye twitched. "Are you kidding me?! You. Never once shown me any kindness and all! You straight up bullied me cause of my appearance?! Then we stopped talking a-"

Lollipop placed a hand on Barfbag's mouth. "Alright. I get it." Barfbag slapped Lollipop's hand off. She glared.

"Whatever. I don't even want to see you."

Barfbag walked off in frustration. Lollipop turned around. Her mouth opened about to say something but quickly stopped herself.

"Perhaps it's too late to even try anymore."

It had been months ever since Two took over. Barfbag was laying down on the couch in the 3rd floor of the hotel that Two released out. She was starting to get used to the new game changes and new host.

Most of all, she's relieved she could get away from that stupid 'sweet' sassy toned candy. She haven't felt this relaxed in a while.

"Hey Barfbag!" Donut opened the door. Barfbag got up as she smiled. At least she had Donut. "Me and Saw discovered some pink lemons not too far away from here! Wanna come along?" He asked. Barfbag chuckled. "Hell yeah."

Donut left the door open. Barfbag figured laying down all day ain't going to work. She enjoyed her team so far! Even if naming the team

was a bit..difficult. It was okay overall.

"Hey Barf-EIGHT-" Saw yelled out. Barfbag chuckled as she waved. "Us-EIGHT- Decided to explore the-EIGHT-"

"Okay okay." Barfbag calmly assured. Barfbag wasn't paying attention where she's walking towards but kept her eyes on Saw. "Are you sure Two's okay with us just-"

Barfbag winced as she bumped into something. She nearly dropped to the floor but was caught by a hand by the person that she bumped into.

"Sorry! I-"

...

"Wh.."

"..LOLLIPOP.?!"

What a cilice.

Anyways hi this is gonna be a short fanfic.? Idk I'm not sure yet. Idk if this will have a fast chapter upload schedule considering school and my other fanfic Selfish Desire.

I'll try :).

Okay bye

Tension

Barfbag immediately slapped the person's hand away as she backed away. She couldn't even believe who she's facing. Almost unbelievable at this point.

"Why are you here.?!" She muttered. Lollipop folded her arms but didn't look that annoyed. "I just came after Tearster." Barfbag raised an eyebrow. Almost not knowing who she is even talking about.

"Who?-"

Barfbag suddenly got bumped in the arm as Saw ran towards Lollipop. She tackled Lollipop in a surprise hug that Lollipop almost stumbled to the ground. She hugged her little gray zigzag as she smiled.

"I missed you!!"

"I missed you too my little gray zigzag." Lollipop mumbled. "Wa-EIGHT- why are you here any-EIGHT-way?" Lollipop smiles as she responded back. "Looking for Teardrop. Have you perhaps seen her around?"

"Oh! She should be nearby-EIGHT-the hotel!" Lollipop nodded as she rubbed Saw's head.

Lollipop and Saw managed to find Teardrop eventually who was standing next to Two. Barfbag had no choice but to follow them. Teardrop turned to Lollipop as she ran to hug her.

"She even got TD to like her.? Hm."

Barfbag was getting a bit suspicious of Lollipop. "Hey my favorite little Teardrop. Say..you came here to join as well right?" Teardrop nodded.

"As well.?" Barfbag muttered.

"OH MY-EIGHT- YOU'RE JOINING US LOLLI??" Saw's eyes lit up with sparkles. Lollipop nodded. "Gotta get Two's acceptance first though..don't get your hopes up Zigzag."

Two came out of the hotel. They rubbed their head in pain after getting punched 2763 times. They blinked as they noticed two different objects.

"Ah! Aren't you Teardrop and Lollipop?..from..Four.?" Two said. TD slowly nodded. "But.! We're here to join your show as well." Lollipop said. Two raised an eyebrow.

"But what about-"

"Oh. Our game already ended."

"Already.?! Hm."

Two was rubbing their 'chin'. TD's thumbs were pressing.

Please say no- Please say no- Pl-

"Well- alright then.!"

Barfbag groaned. Lollipop moved her eye to her. Not saying a word. Not like Barfbag even wanted to hear her. "YAY! Does this m-"

"No, she won't join you. TD and Lollipop will form their own team!"

"Aw.."

Barfbag sighed in relief.

Thank god. I don't want HER making me more agony more.

"Alright Teardrop, let's get going." Lollipop said as she held Teardrop's hand. Teardrop smiled and nodded.

"Barfbag? What's-EIGHT-wrong?" Saw asked as she turned around to face Barfbag. She noticed the grumpy face of Barfbag. "It's just..no offense but..me and Lollipop don't have the best relationship."

Saw just shrugged. "It's okay Barfbag! You don't have to force yourself to talk to her! But I promise it'll get better between you two!" Saw smiled as she patted Barfbag's back. She just nodded.

Yeah..m..

Right.

Barfbag followed Saw. She turned to see Lollipop. Lollipop's expression was happy and calm. Barfbag never seen that expression before.

Just what was she doing meanwhile with Four.?

...

Barfbag shook her head.

Why does she even care?

Her and Lollipop are enemies.

They hate each other!

...

Lollipop never said anything about "barf molecules" when she reappeared. She raised an eyebrow in suspicion.

I should stop thinking about it.

It doesn't matter.

We're not in speaking terms anymore.

Yeah yeah okay.
Anyways IK the story is getting slow I apologize. I swear some stuff will happen in the next chapter.

Okay bye

Denial

Barfbag met up with the others that was crowded. Waiting for Two to announce a new challenge. She was rubbing her eyes. Felt too tired for some reason. Perhaps from the stress from Lollipop's presents.

Donut looked at Barfbag, concerned.

"Barfbag? You okay?" Donut questioned.

Barfbag nodded. Still eyeing at Lollipop who was talking with Gaty. Barfbag was glaring at her. Donut looked at Lollipop then looked back at Barfbag.

"Oh..her?" Donut questioned. Barfbag nodded. Donut frowned. Donut patted Barfbag in the back. Trying to remove attention.

"Barfbag, I'll make sure she doesn't bother you okay?" Donut said as he smiled. Barfbag nodded a bit.

-Minutes later after the elimination-

"Stacking blocks huh.? Hm. What a challenge." Barfbag thought in her mind in a sarcastic tone. As much as she wasn't trying to judge Two's decisions, she felt like this is the most basic thing they've done so far.

"Hey..where did Coiny even go?" Barfbag asked. Donut shrugged. Needle immediately showed up out of nowhere. Holding a block. "Probably ran off to grab something." Needle claimed as she ran off again quickly. "But why in a middle of a challenge.?!" Barfbag questioned.

Barfbag sighed as Needle slowly disappeared in her sight. She took the time to look at what Lollipop and Teardrop were doing.

Lollipop was holding three blocks as Teardrop was jumping to grab one by one to stack. Seemed they are chatting..well Lollipop at least. Barfbag tried to get a good grip of what Lollipop was talking about.

"Our jelly friend accidentally blew up something apparently to Flower's message" Lollipop said as she chuckled, holding her phone. TD smiled while stacking more blocks using Lollipop's height. "Now she's complaining..by spamming utter words.."She said.

Barfbag shook her head.

Barfbag.! Don't get distracted. You have a challenge to do!

Coiny suddenly ran up to Donut and Barfbag from behind. He looked very happy for some reason.

"Guys! Guys! I found a solution!" Coiny yelled out. Donut raised an eyebrow then sighed. Barfbag briefly heard Donut mumble-

"Oh god, what is he planning? Probably something stupid."

Barfbag tried to held her laugh.

"What is it." Donut said with a frown. Coiny suddenly pulled out a glue out of his back. Donut frowned even more even at the sight of it.

"But uh- we gotta restart first!"

Needle immediately got back with more blocks.

"We already started!"

Coiny sighed in defeat.

"Okay okay um..just- remove this part then!" Coiny ran towards the stacks. Barfbag raised an eyebrow.

Barfbag sighed as she watched Needle and Coiny 'argue' about something dumb. Donut walked up to them but Barfbag didn't even bother to follow him. She turned to Lollipop who disappeared out of her sight.

"I demand you stop sucking up our blocks!"

Barfbag raised both of her eyebrows as she slowly walked up to the bushes. She pushed the bushes out of her sight as she saw Lollipop and Teardrop chasing after Blackhole. Teardrop was continuously shooting at Blackhole which obviously lead to no affect.

Lollipop suddenly stopped as she took a breathe in and out. Exhausted she was.

Then she suddenly felt a lightbulb on her head light up.

"TD, you distract him while I.."

Barfbag couldn't hear what she said after that due to them getting further away. Teardrop raised an eyebrow but nodded as she continued running.

God what could she possibly plan against Blackhole.?

Lollipop suddenly ran somewhere else.

Blackhole could be heard chuckling in a echo tone, having too much fun. Until..

"Not so fast space boy!" Lollipop yelled out as she ran in-front of Blackhole and stood still. Blackhole immediately stopped. Barfbag raised an eyebrow in confusion. "You cannot kill me remember?" Lollipop said as she folded her arms with a smirk on her face.

"Dang it." Blackhole mumbled. He floated away eventually. Teardrop ran towards Lollipop as she clapped in happiness. Lollipop smiled as she patted TD.

Barfbag had her mouth open but immediately closed it.

"Huh."

"How brave of you."

"Lollipoop."

Lollipop raised both of her eyebrows as she turned around. Barfbag immediately hid under the bushes. TD grabbed Lollipop's hand. "Alright. Alright." Lollipop followed Teardrop going back to the stack.

Barfbag was covering her mouth.

...

Wow that was long?

Anyways I'm sorry for being late.

..

Okay bye

Stay

Barfbag sighed as she got up. "I have to get back to my team..this is ridiculous." Barfbag started walking back to where her team was but was interrupted by-

"AHHHHHHHHHHHGETITOFFGETITOFF!!"

Barfbag looked up as she immediately backed away. Nearly falling over. Bell was flying all over the place freaking out. Barfbag realized her team's stack was stuck on Bell as she began chasing after her.

"Honestly, I tried telling Leafy my awesome relationship advices but she wouldn't take it at all!" Lollipop complained as she sat next to TD who was shrugging to place the remaining blocks. TD smiled in amusement. "Oh wonderful TD, even you can't take me se-"

Lollipop immediately got smacked in the head by Team 8's stack. TD turned to Lollipop in shock as she waved her arms all around as she ran towards her, not noticing the stack landed on her stack as well.

Lollipop groaned.

She tried to open her eyes but couldn't see anything. Barfbag walked to where the stack landed as her eyes widened at Lollipop covering her eyes. TD comforting her meanwhile.

"Woah- what happened??"

TD turned to Barfbag.

She pointed at the stack then punched herself lightly then collapsing on the yellow grass. TD waved her hands in distress. Barfbag picked up TD.

"It's okay TD- um- I'll try to carry her to infirmary." Barfbag held Lollipop's arm. Lollipop's eyes were dizzy, attempting to say something but turned into a mutter. Barfbag rolled her eyes, sighing in defeat.

"Oh god- why is she so fucking heavy?!..not calling her fat or anything." Barfbag said as she turned to TD with a small smile. TD raised an eyebrow. Barfbag groaned while slowly walking away with Lollipop on her back.

"Ug.."

"Stop talking. Your head will hurt more."

"Ba..bg.."

"Don't you hear me??"

Barfbag walked towards Two who was sitting on the couch talking with Gaty.

"Two?"

Two turned to see Barfbag.

"Oh jeez! What happened to Lolli?"

Barfbag held Lollipop's hand tighter.

"Something smacked her head which..made her unconscious." Barfbag muttered. "Is it fine if I take her to the infirmary?" Two nodded quickly. "Yes!"

[Timeskip cause I hate myself]

Lollipop rubbed her eyes. She can't even feel anything on her face. She was half conscious at that point. She grumbled when she attempted to get up.

Okay..that just made my head hurt more..shit..I feel exhausted..

Lollipop turned her head a bit to see Barfbag come out the door.

Barfbag's eyes widened. Barfbag looked away a bit, holding her arm. Lollipop still stared at her.

"What are you here for?" Lollipop calmly asked. Barfbag faced Lollipop with her eyebrows up. "Uh..just checking. You..were out for almost the whole day..it's nighttime right now..see.?" Barfbag muttered.

"Well yes. I can see."

Barfbag felt uncomfortable and awkward to be even in the same room as Lollipop. Lollipop turned away from the window as she sighed.

"Look if you're uncomfortable with me, just go." Lollipop calmly stated. "I'm going to sleep." Barfbag reached out a hand. "Wait-"

..

"Hm. You sleep THAT fast huh.?"

Barfbag stood against the wall.

She wanted to leave but..

Who else was going to watch her?

God dammit..this is my old rival. Why do I care about her well being? She never did.!

...

Till now..

...

God dammit what did Four do.

Barfbag walked towards Lollipop's bed. She noticed the blanket wasn't even halfway on Lollipop. She sighed.

"You idiot.."

Barfbag placed the rest of the blanket on Lollipop. Barfbag checked Lollipop's cracks for the last time. She frowned that the cracks barely healed yet. Barfbag began to yawn. Perhaps she should get going. She was about to leave until-

"M.."

Barfbag felt a hand tugging her hand.

"..don't..g..o.."

Barfbag's eyes widened.

Lollipop was clearly sleeping but..

Barfbag walked up to her.

"Oh dammit, she's developing a fever.." Barfbag touched Lollipop's head. Barfbag was trying to let go of Lollipop's hand but couldn't. She sighed as she sat on the floor.

"Guess I'm sleeping her tonight.."

OMG MY HAND HURTS FROM TYPING-

Anyways Ik what yall are thinking

"This a Barfbag x Lollipop moment?"

The truth is..no. I don't ship them at all actually! Just some fluff moment. Nothing romantic.

Okay bye

Argue

The sun was rising to the point the mountains couldn't cover it any longer. The sun light glistened at the infirmary window. Which woke up Lollipop. She groaned.

"Barfbag? Why are you here?"

Barfbag immediately woke up as she backed away from Lollipop. Lollipop still gave her a blank look. No disgust. No disrespect.

"Wh..You wanted me to stay.!"

"I..I did? I don't recall."

Barfbag grumbled in embarrassment.

"Don't act dumb.! Are you trying to make me dumb again.?! Like last time.? Is this why you came all the way here for.? Just to torment me?!"

Lollipop raised an eyebrow then sighed.

"No. Don't think too deep about this for a second, hear me out." Lollipop muttered to Barfbag who gave her a death glare who was almost at tears.

"I only came here for Teardrop's sake.."

Barfbag scoffed.

"..and to fix something that I started."

Barfbag raised an eyebrow.

"Barfbag. I came here to apologize."

Barfbag grumbled as she glared more at Lollipop. She almost wanted to punch her. Making the crack worse.

"Seriously.?! After years..you decided to NOW do it.?! What took so long.?! I don't get you.!"

"I genuinely believed that you were dumb. But turns out..I was the dumb one in that situation."

"No shit. Now you get it."

"..I was too stubborn. I didn't want to be seen as the stupid one. I just wanted to be above everyone..I was so fucking stubborn. Ha..I didn't think after what I saw in Taco that day..that'll make me snap out of it."

Barfbag made eye contact with lollipop who had a sadden smile. Almost painful to witness. She'd never seen her smile, let alone AT her. She attempted to reach her hand out but stopped herself.

"I don't know what Jelly boy and that teardrop girl did to me but..they changed me. Helping me realize that I shouldn't bring people down cause that'll just drag me deeper. Instead..I wanted to be a bit nicer to people at least."

Lollipop looked up a Barfbag who had mixed expressions on her face. She sighed while giving in her sad smile.

"Look. You don't NEED to forgive me right in the spot. I just wanted you to hear me out. I'm not the best when it comes to apologizing but..I'm trying to improve."

Lollipop looked out of the window.

"I should really get going huh? I see Saw waving at me. Heh..that silly-"

"N-No."

"Huh?"

"Your..crack didn't heal yet. I doubt you can see perfectly fine."

Barfbag laid Lollipop back on the bed. She took her hands off of her quickly as she folded her arms. Lollipop turned to the window as she used sign language at Saw that she can't come, while blushing at Saw. Barfbag stared at her.

"You learned Sign Language? What for though? Everyone can hear here."

"Oh, TD was learning it too cause she can't speak. I thought I could learn along with her I mean how could I not?"

Barfbag stares at her.

"Oh..right."

"Y'know, your bagel friend is probably still waiting for you." Barfbag backed away.

"SHOOT! I FORGOT ABOUT HIM!"

Barfbag rushed out of the room. Lollipop laid there in silence. Then chuckled. Finding it a bit amusing. She sighed. She relaxed.

"Least I was able to get that out of my chest."

The fanfic is almost over.

Man..I have not been feeling okay mentally but physically..what I mean is that I was a tad bit sick.? But I'm okay now..I think?

Anyways mental health isn't the best but could've been worse eh?

M.

Okay bye
